

## **KLEEN ALL**

The superior all-purpose cleaner

A completely safe liquid.

For fast economical cleaning, KLEEN ALL quickly penetrates and removes soil from floors, windows and walls. Useful on all types of wood, metal, paint and synthetic surfaces as found in plants and offices, or wherever maintenance cleaning is done. No special cleaning equipment is needed.

KLEEN ALL is an all-purpose cleaner for food markets. Formulated to meet Board of Health requirements.

KLEEN ALL is a mild blend of sequestering agents that produces immediate emulsification with superior wetting action and complete rinse-ability. Restores luster, leaves surfaces film-free, will not mar or streak. No abrasive action; "elbow grease" is built in; no rubbing or scrubbing is necessary with KLEEN ALL.

Becomes your one cleaner. KLEEN ALL eliminates the need for different solutions for dissimilar jobs. It safely handles many jobs easily and quickly:

- Is used in all institutional cleaning works.
- Is effective on trucks, busses and cars.
- Is recommended for all food market cleaning.
- Is an all-purpose office or factory cleaner.
- Can be applied by spray, brush, mop or cloth.

Safe on personnel, clothing and equipment, KLEEN ALL is an odor-less, non-toxic liquid, ideal for general maintenance cleaning in confined areas.

Effective on all types of surfaces. Removes stubborn soils and greases quickly. KLEEN ALL can be used to strip and clean old wax from floors. It will remove blood and meat particles from artificial parsley in food markets.

Economical... no pre-dissolving. For most jobs an effective using concentration is 1 part to 50 parts water. Consult your Cal-Pac representative for the exact proportions of KLEEN ALL needed for your cleaning problem.
